List of Hungarian Journalists

" VAJTA, Ferenc - A creature of MECSER and ANTAL, two principal German political agents in Hungary; Editor-in-chief of the Nazi weekly "ORSZAG" and foreign political commentator of the UJ MAGYARSAG. His task was to destroy all pro-British or pro-American sympathies in the middle class and gentry, who were the principle readers of his papers. His comments were often verbatim translations of official German propaganda. The German Legation in Budapest placed daily at his disposal the extract of the British-American Press with instructions as to their ridicule. Used the most violent and obscene language against the British and Americans. No German propagandist has ever equalled the vulgarity of his attacks on the personal integrity of Pres. Roosevelt and other Allied leaders. He is known as the "political informer" of the German Legation in Budapest.
